THE UNIVERSITY

The University of North Carolina is a multicampus university composed of the 16 public senior institutions of higher education in North Carolina. The campuses, located across the state (see enclosed map), are characterized by diversity. Each is unique in program offerings, admission requirements, student body make-up, campus life, and historical background. This brochure presents general institutional information and a comprehensive inventory of educational opportunities at the 16 institutions. It is intended to help prospective students choose the institution with the educational program best suited to their needs and interests.

EQUALITY OF OPPORTUNITY

The University of North Carolina and all of its constituent institutions are committed to equality of opportunity.There shall be no discrimination within the University against applicants, students, or employees on the basis of race, color, religion, gender, age, disability, or national origin, consistent with provisions of applicable state and federal law.

PROMOTING RACIAL INTEGRATION

The University of North Carolina actively seeks to promote racial integration at each of its constituent institutions.

Introduction

The profiles, tables, and narrative materials in this document were prepared in response to suggestions from school counselors and university staff. Their purpose is to consolidate essential information about the constituent institutions of the University of North Carolina into one publication that may be used in whole, or in part, by school counselors, students, and their parents.

The information contained in this document is not exhaustive. The task of providing complete information about academic programs, college costs, and campus life properly remains with each individual campus and we invite you to write or visit campus admissions offices as your interests dictate. The information in this document is provided to introduce students and their parents to each campus and to facilitate comparisons among campuses on measures of special importance to prospective college students.

The data in these profiles are as current as our data collection schedules permit; no estimates or projections are provided for future years. This is because campus policies are always subject to change due to changes in state and federal laws, regulations, and funding levels, and of course, to the campus governance process itself. These changes are seldom large, however, and rarely affect essential differences among the campuses.

Institutional Profiles is produced once annually in the fall and distributed to high school counselors and transfer counselors in North Carolina. Suggestions for improvement in content, format, schedule, or distribution should be forwarded to:

Notes and Explanations

Please be aware of the following as you study and use the institutional profiles of the University of North Carolina.

- The abbreviations of the 16 campuses of the University of North Carolina used in this publication are as follows:

ASU	Appalachian State University	UNC-A	University of N.C. at Asheville
ECU	East Carolina University	UNC-CH	University of N.C. at Chapel Hill
ECSU	Elizabeth City State University	UNC-C	University of N.C. at Charlotte
FSU	Fayetteville State University	UNC-G	University of N.C. at Greensboro
NCA&T	N.C. Agricultural and Technical State University	UNC-P	University of N.C. at Pembroke
NCCU	N.C. Central University	UNC-W	University of N.C. at Wilmington
NCSA	N.C. School of the Arts	WCU	Western Carolina University
NCSU	N.C. State University	WSSU	Winston-Salem State University

- Data in the institutional profiles reflect what was current when taken to press, and may be subject to change over the course of the year. Because of data reporting schedules and publication timing, some data (for example, academic calendar and estimated annual student costs) remain the same as in the 1995-96 edition.

- The Freshman Common Application Form which may be used to apply to any of the 16 constituent institutions of the University of North Carolina is included in the Appendices. Please feel free to duplicate and distribute this form.

- Admissions criteria include factors other than high school rank and SAT scores, and may vary from institution to institution.

- High school class rank and SAT score profiles are based on enrolled first-time freshmen who had both sets of data at the time of their admission. Some non-traditional students may not be represented in these profiles.

- The six-year baccalaureate graduation rate is based on the first-time full-time freshmen entering each institution in the fall of 1989 and graduating from any constituent institution in The University of North Carolina. Due to the special nature of the N.C. School of the Arts program and the large numbers of students who exit the program prior to graduation to enter the performing arts, no graduation rate is calculated or reported for the NCSA.

- The estimated annual student cost includes estimates for a regular nine-month college year. Estimates for summer attendance are not included.

- Advanced Placement (AP) credit information is shown in abbreviated form. Institutional policies represent final authority.

- The General Administration of the University of North Carolina uses a slightly different system for classifying majors than the individual institutions may use in their publications. A more complete breakdown is shown in the *Academic Program Inventory*, a copy of which is distributed to high school counselors every even-numbered year. A copy of the institution's catalog may provide valuable assistance in interpreting abbreviations.

- The titles for persons shown as directors of student financial aid and directors of admissions are generic. Exact titles may vary from one institution to another. Correspondence addressed as shown will reach the proper person.

UNIVERSITY OF NORTH CAROLINA AT ASHEVILLE

Brief Description

The University of North Carolina at Asheville is an undergraduate liberal arts institution primarily offering the baccalaureate degree, but does offer an interdisciplinary Master of Liberal Arts degree. The University has earned national recognition for its model Humanities Program -- a four-course sequence that has been required of all UNCA students for more than a quarter of a century -- and its leadership role in the field of undergraduate research in all disciplines. The University is committed to equality of opportunity and actively seeks to enroll a greater number of African-American and other minority students to further campus diversity and enhance the quality of education.

History

Founded in 1927 as Buncombe County Junior College; became Asheville-Biltmore College in 1936. In 1963, the college became part of the statewide system of higher education. The institution became the University of North Carolina at Asheville in 1969 and was designated a public liberal arts institution within the University of North Carolina in 1992.

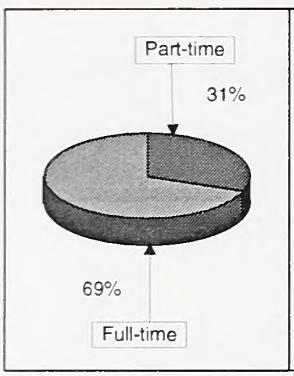

Location

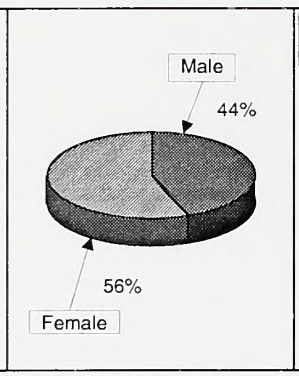

With a city-county population of 180,000, Asheville is the urban center of commerce, culture and tourism in Western North Carolina. Set in the heart of the Blue Ridge and Great Smoky Mountains and surrounded by the largest concentration of national forests on the East Coast, Asheville has been named one of America's "most livable cities" in Rand McNally's "Places Rated Almanac." The UNCA campus occupies 265 wooded acres about one mile from downtown Asheville.

*Includes only freshmen with both high school class rank and SAT scores.

REQUIREMENTS FOR UNDERGRADUATE ADMISSION

Requirements for admission vary among the 16 constituent institutions. All require high school graduation or a high school equivalency certificate, a transcript showing all courses taken and grades received, SAT (or ACT) scores, and an application fee. Most require a list of high school extracurricular activities and a recommendation from a counselor or teacher.

High school students should take the SAT or (ACT) either in their junior year or in the fall of their senior year. Scores are forwarded directly to the admissions officer of the campus applied to by the agency which administers the test. Students unable to pay the fee for the test may request through their high school counselor a waiver.

Minimum Admissions Requirements at the 16 Institutions of the University of North Carolina

For the class of 1990 and beyond, the following courses will be required for admission, in addition to an institution's own specific requirements:

In **English**, four course units emphasizing grammar, composition, and literature;
In **mathematics**, three course units including **algebra I, algebra II,** and **geometry**, or a higher level mathematics course for which algebra II is a prerequisite;
In **science**, three course units including
-- at least one unit in a life or **biological science** (for example, biology)
-- at least one unit in a **physical science** (for example, physical science, chemistry, physics), and
-- at least one **laboratory course**; and
In **social studies**, two course units including one unit in **U.S. history**, but an applicant who does not have the unit in U.S. history may be admitted on the condition that at least three semester hours in that subject will be passed by the end of the sophomore year.

In addition, it is recommended that prospective students complete at least two course units in one foreign language, and take one foreign language course unit and one mathematics course unit in the twelfth grade.

"Course units" as defined in these requirements may include those high school level courses taken and passed by an applicant after graduating from high school, as well as those taken while enrolled as a high school student.

For some transfer students and students who graduated from high school prior to 1990, special considerations have been made.

Individual constituent institutions may require other courses in addition to the minimum requirements.

In reviewing applications, admissions officers consider applicants' high school courses taken and grades received, class rank and/or grade point average, SAT (or ACT) scores, extracurricular activities, and recommendations.

For transfer students, requirements for admission usually include a transcript from high school and each former college attended, eligibility to return to the institution last attended, "C" cumulative average grade on all work attempted at other colleges, and an application fee.
